

www.westsussex.gov.uk

Dear Parent/Guardian

Your child will shortly be visiting the library for an educational visit, organised by the Library Service. During the class visit, pupils will learn more about the library and the services we offer, and be able to borrow books and story cassettes if they are members.

This is an ideal opportunity for those children who are not yet members to join. If your child has not joined any public library in West Sussex, and you would like them to have their own card, please ~

Complete the details on the form below and sign the form to show that you accept Responsibility for all the items borrowed on your child's ticket.

Your child will be issued with a library card and can borrow items for a period of 3 weeks. Additional information relating to library membership will be provided during the library visit. To help us plan and improve our services, it would be helpful if you could also fill in the optional information below. This is confidential and will only be used for statistical purposes. The information will be held on your borrower record.

If you have any queries, please contact the library.

Thank you for your co-operation.

Yours faithfully

Lesley Sim
